

November 11, 2025

Dr. Aulia Ulfah Farahdiba
Department of Environmental Engineering
UPN Veteran Jawa Timur
Jawa Timur, Indonesia

Dear Dr. Aulia Ulfah Farahdiba,

On behalf of the organizing team, I would like to invite you to Taiwan to attend “2025 International Exchange Program on Resource Circulation and Water Quality.” This program, jointly organized by National Cheng Kung University (NCKU) and the Resource Circulation Administration, Ministry of Environment, will be held from December 1 to December 6, 2025, at NCKU in Tainan City, Taiwan. The objectives of this program are to share state-of-the-art knowledge, applications, and experiences, as well as to enhance communication among researchers, engineers, and managers in the fields of resource circulation and water quality in Taiwan and Southeast Asia. The program is scheduled for 6 days and will include lectures, field visits, research presentations, and discussions.

Following are the detailed draft program:

Dec.1: Arrival

Dec.2-3: 2025 International Workshop on Emerging Contaminants Characterization and Remedial Practice

Dec.4: Site Visit

Dec.5: 2025 International Exchange Program on Resource Circulation and Water Quality Forum
(*Everyone should prepare 15-20 minutes speech related to resource circulation and water quality)

Dec.6: Departure

The organizing team will cover your travel expenses related to participation in the workshop, including the following:

- International travel expenses: Round-trip economy class airfare (up to USD 500 according to the budget plan).
- Local expenses in Taiwan: Accommodation, transportation within Taiwan, and meals during the program.

Here are the personal details we have on record for you:

Name: Dr. Aulia Ulfah Farahdiba

Your contribution and participation in this program are vitally important to ensuring the success of the event. We thank you again for agreeing to join the program and look forward to hosting you at NCKU, Taiwan.

Sincerely yours,

Tsair-Fuh Lin, Ph.D.

Chair of the International Exchange Program on Resource Circulation and Water Quality
Chair Professor, National Cheng Kung University
