2022 OWSD-Elsevier Foundation Awards for Early Career Women Scientists in the Developing World

'Climate action and the environment'

Applications for the 2022 awards are invited from women scientists who have made significant contributions in the area of '**Climate action and the environment**', whose research is linked to the following Sustainable Development Goals: [SDG13 \(Climate Action\)](#), [SDG14 \(Life Below Water\)](#) and/or [SDG15 \(Life on Land\)](#), and have lived and worked for at least 5 years in an [eligible Scientifically and Technologically Lagging Countries \(STLCs\)](#).

The deadline for submission of applications is **28 October, 2021**.

Applications must be made [online](#), in English, and must include:

- Official documentation proving 5 years' residency in an eligible STLC.
The following documents can be submitted as proof of residence as long as the name of the applicant (as written in the online form) appears clearly: statement from the local police office or municipality, population registry office, rental agreement, utility bills, employment contract. This list is not exhaustive and alternative documents can be considered. Please write to owsd@owsd.net if you are not sure about the eligibility of your documents.
- Evidence on how your research contributes to advancing the [SDG13 \(Climate Action\)](#), [SDG14 \(Life Below Water\)](#) and/or [SDG15 \(Life on Land\)](#).
- Short biography of approximately 350 words describing your journey to become an outstanding scientist (for ease, we recommend that you prepare this beforehand and copy-paste into the text box)
- PhD certificate
- Curriculum vitae
- Full list of publications (if not included in the CV)
- At least 2 reference letters (reference letters must be prepared on official letterhead and should be written and signed by senior scientists familiar with your research).

If any of the supporting documents are not in English, you must attach an informal translation into English. **Documents in other languages with no accompanying English translation will NOT be considered.**

You can see the details about the eligibility and evaluation criteria [here](#).

In order to help you prepare your application, please see a sample of the application form below.
